Do I need a surge protector?

Households experience power surges or power fluxes on a daily basis whether it be caused from everyday household appliances kicking on/off or because of weather.

Over time, these power surges can damage electronic devices. Wireless routers and modems are some of the first things to be affected.

Plugging your router and ONT into a surge protector will help protect them. Having your electronics & appliances plugged into surge protectors could save you from having to replace them because of a little power surge.

Mothers Day is May 11th

Thinking about going to E-bill? Now is a great time to get signed up! Not only do you get a one-time \$10 account credit, LincTel is also offering a prize each month in 2025-beginning in May. All accounts with E-bill will automatically be added to the drawing for a chance to win.

Go to LincTel.net and click on the SmartHub link on the top right-hand corner or download the free SmartHub app to get started. Sign up for autopay while you are in there and forget about the hassle of paying your bill each month, we will automatically complete the transaction for you around the 10th of each month!

Beginning January 2026, there will be a charge to mail paper bills or you may request a copy for free in office.
